Dear Sir:

Applicants are submitting herewith a form PTOL-1449 which lists patents and publications of which they are aware and in respect of which there may be a duty to disclose in accordance with 37 C.F.R. 1.56.

It is respectfully submitted that the present application is patentable over these references, whether taken singly or in combination. Applicants believe that these documents merely define the general state of the art and are not considered to be of particular relevance. Accordingly, Applicants are identifying these references for consideration by the Examiner and for purposes of entering these citations in the official file in order to comply with their duty of candor.

While the information included in this Information Disclosure Statement may be "material" pursuant to 37 C.F.R. 1.56, it is not intended to constitute an admission that any patent or other art referred to herein is "prior art" for this invention unless specifically designated as such.

In accordance with 37 C.F.R. 1.97(g) and (h), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information as defined in 37 C.F.R. 1.56 exists.
